Monday	*Wednesday*	*Friday*
January 25 Introduction Mathematical Preliminaries Read: Sipser, Sec. 0.1-0.2	**January 27** Proofs and Proof Techniques Proofs by Construction Proofs by Contradiction Read: Sipser, Sec. 0.3-0.4	**January 29** More Proof Techniques Proofs by Induction Read: Sipser, Sec. 0.4
February 1 Finite Deterministic Automata Read: Sipser, Sec. 1.1	**February 3** Finite Nondeterministic Automata Read: Sipser, Sec. 1.2	**February 5** Regular Expressions Read: Sipser, Sec. 1.3
February 8 Nonregular Languages The Pumping Lemma Read: Sipser, Sec. 1.4	**February 10** Review of Regular Languages	**February 12** Context-free Grammars Read: Sipser, Sec. 2.1
February 15 **Test 1**	**February 17** Pushdown Automata Read: Sipser, Sec. 2.2	**February 19** Non-context-free Languages Another Pumping Lemma Read: Sipser, Sec. 2.3
February 22 Turing Machines Read: Sipser, Sec. 3.1	**February 24** More Turing Machines Examples	**February 26** Variants of Turing Machines Read: Sipser, Sec. 3.2
March 1 Algorithms Read: Sipser, Sec. 3.3	**March 3** Decidable Languages Read: Sipser, Sec. 4.1	**March 5** The Halting Problem Read: Sipser, Sec. 4.2
March 8 Review	**March 10** **Test 2**	**March 12** *no class*
March 15 Turing-Recognizable Languages	**March 17** Countability and Uncountability Read: Sipser, Sec. 4.2	**March 19** Decidability The Chomsky Language Hierarchy
March 22 *Break*	**March 24** *Break*	**March 26** *Break*

Monday	*Wednesday*	*Friday*
March 29 *Break*	**March 31** *Break*	**April 2** *Break*
April 5 Undecidable Problems from Language Theory Read: Sipser, Sec. 5.1	**April 7** Undecidable Problems, Continued Read: Sipser, Sec. 5.2	**April 9** Mapping Reducibility Read: Sipser, Sec. 5.3
April 12 Review	**April 14** Measuring Complexity Read: Sipser, Sec. 7.1	**April 16** Class P Read: Sipser, Sec. 7.2
April 19 Class NP Read: Sipser, Sec. 7.3	**April 21** NP-completeness Read: Sipser, Sec. 7.4	**April 23** NP-complete Problems Read: Sipser, Sec. 7.5
April 26 Directions for CSC 341 Administrivia Class Discussion	**April 28** Approximation Algorithms Read: Sipser, Sec. 10.1	**April 30** Probabilistic Algorithms Read: Sipser, Sec. 10.2 *Take-home Test Distributed*
May 3 Class Presentations on NP Complete Problems Some Number Theory	**May 5** Class Presentations on NP Complete Problems	**May 7** Class Presentations on NP Complete Problems *Take-home Test Due*
May 10 Cryptography Read: Sipser, Sec. 10.6	**May 12** Cryptography	**May 14** Review End-of-course Evaluations
